Newsletter ::: November 2010

Dear Adam,

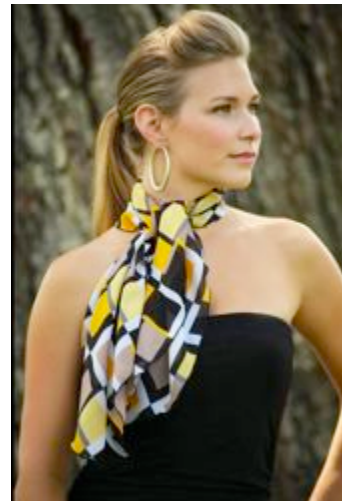

I usually like to include a little bit of new product, a little bit of community education, and a little bit of opinion, but we have so many new and exciting products that are just arriving in our store that I decided to focus only on products this month. I promise that next edition will include our usual issues and insights!

Happy Thanksgiving,
Adam

Nursing Scarf

The Pirose Nursing Scarf is designed to be beautiful and functional. Looking at the picture on the right, you'd never know that the scarf this mom is wearing is designed for privacy while nursing. The light and airy fabric allows the baby to see out and breath comfortably. The intricate patterns create privacy and coordinate with Mom's wardrobe. Arriving in December.

Double Decker

Kinderwagon has taken the concept of an umbrella stroller and applied it to a tandem double stroller. This ultra-compact double stroller takes up the same footprint as a single stroller but seats two children. The stadium style arrangement allows both children a great view of their world and not the back of their sibling's head! Arriving this month.

Petite Collage

Adorable and sophisticated colors, patterns and images are the hallmark of Petite Collage, our newest artwork and wall decal company. Shown at right are a set of fabric wall decal pennants that can be arranged and re-arranged to create a unique interior for your child's nursery. Arriving this month.

Private Nursing Room

Lazar's has created a private nursing room in our store! While we want mom's to feel comfortable nursing anywhere in our store, we know that there are many times when you want either a little bit of privacy, a little bit of quiet, or a little bit of both. In fact, when bottle feeding my daughter, I always had to create a quiet space for her so she wouldn't get distracted by all the interesting things going on around her and forget to actually nurse! So the next time you're in our store, or even just in the neighborhood, we've got a special place for you to nurse. And bottle feeding dad's are welcome, too!
